established to insure continued support for
current and persons yet-to-be born with
mental retardation in and around Sedgwick
County.

The Arc of Sedgwick County was
established in 1953 as The Wichita Associa-
tion for Retarded Children. The Arc cur-
rently provides events and services for
persons with various types of disabilities.

Last Year:

- 20+ Families assisted w/ Guardianship
- 350+ Clients received Case Management
- 120+ Participants in the Y.E.S.S. Program
- 600+ Sponsored activities and events

*Each year hundreds of infants are
born in Sedgwick county who are
identified as "at risk" for develop-
mental disabilities. In many cases,
the specific cause is unknown.*

*The only "cure" is our determi-
nation to help these special people
reach their full potential.*

*With your help, we are making a
difference...changing outcomes!*
